

# The Chauvin Chronicle

AN INDEPENDENT WEEKLY NEWSPAPER  
CIRCULATING THROUGHOUT ARTLAND, CHAUVIN, RIBSTONE, MERTON, SIFTON AND MANITOU LAKE

VOL. 6. NO. 257 CHAUVIN, ALBERTA WEDNESDAY, APRIL 23rd 1919 5c per copy, \$1.50 per year in advance

## CATTLE WINTERED WELL

Messrs Fram, Wilson, and Bull, of Three Hills have taken their cattle which amounted in all to six cars, back, after having wintered them around this district. The cattle were in fine shape and looking good.

## WESTMINSTER CHURCH

### MANSE BUILDING FUND

The Airlie Ladies Aid have sent in to the Board of Managers of the Westminster church the sum of \$9.85 towards the Manse Building Fund.

The managers wish to thank the donors for their gift, which is the beginning of this fund, and for their help shown in such a practical way.

## SUNDAY SCHOOL CHILDREN

### SELL EASTER EGGS

The Children of the Westminster Sunday School were very busy Saturday selling Easter Eggs. Some of the ladies provided the eggs, while others decorated them. The Children earned in this way nearly six dollars for their Sunday school fund.

## CAKE AND APRON SALE

### REALIZED OVER \$80.00

The sale of work and home cooking, held by the Westminster Ladies Auxiliary realized the sum of over \$80.00. The object of the sale was the renovation of the church, and the ladies are to be congratulated on their splendid work.

The ladies wish to thank all who helped to make the sale such a success both by gifts of cooking and work, and by personal help at the sale.

## I. O. O. F. CENTENNIAL

### ANNIVERSARY SERVICE

The Anniversary service of the Chauvin Lodge of Oddfellows will be held in the Westminster Church, on Sunday, May 4th, 1919, at 7.30 p.m. A special address will be given by the Rev. J. C. Aderson, B.A.

## EASTER MONDAY DANCE

The dance given by the Chauvin Branch of the Womens Institute, in the Killarney Hotel, on Easter Monday, was well attended. Good music, and good floor, and everybody had a good time.

## HAVE YOU GOT THE RIGHT LABEL ON YOUR AUTO

Our genial policeman will be around shortly to see if you have treated your automobile right and bought it a new label to wear. If you haven't, well, better get one right away.

## CHAUVIN OVER THE TOP RED SHIELD CAMPAIGN

The committee of the Red Shield campaign in Chauvin have completed their canvassing, and wish to thank the splendid workers for their aid. They also appreciate the interest shown in this great work of the Salvation Army.

The total fund objective was set for \$300.00 by the committee in charge and this is slightly exceeded by a few dollars.

The following are the further subscribers:-

## AGRICULTURAL SOCIETY DIRECTORS MEETING

Directors met in A. E. Keiths office, President Lt. Col. Rodden in the chair. Moved Mr. Tooth—G. Leggett, that minutes be adopted as read. Carried. Moved G. Leggett—H. Young, that the matter of Mr. Schellers bill for advertising be tabled.

The secretary reported that A. E. Keith had informed him that he had interviewed the council and they were willing that cattle should be kept out of Fair Grounds and that they would provide a lock gate if necessary.

Mr. Tooth reported that at the entertainment at the hotel held on April 7, he had sold a number of tickets, and that everything had gone off splendidly. He also stated that people objected to having to pay entrance fee to grounds on fair day, after buying a membership ticket.

Secretary read a letter from Wm. Galbraith regarding the offer of the Shorthorn breeders, which was satisfactory.

The following committee was appointed to arrange the prize list for the fall fair:- Geo. Leggett, J. Murray, H. Young. The Ladies and Childrens Department to be arranged by Mrs. Armour, and Mrs. Holbrook.

The Editor of the Chauvin Chronicle had offered half a column of the local paper, to be known as the Agricultural Section, on condition that it should be filled by the Directors of the Society with matter in the interest of Agriculture. The Sec'y was instructed to prepare a list and assign a date to each director, when he will be responsible for filling of this column.

Moved by H. Young—Mrs. Armour, that committee be appointed to investigate the cost of putting up stalls for horses. Carried.

Committee:- W. T. Watson, A. E. Keith, Thos. Smith.

Moved J. Tooth—Mrs. Holbrook, that Montjoy's bill of \$26.50 for pump and C. G. Forryan's bill for \$3.00 for rent for hall be paid. Carried.

Mrs. Armour said that as she did not know exactly what her expenses to convention were, she would not put in a bill.

Moved, Mrs. Holbrook—J. Tooth, that the Society put on record as being in favor of the tariff reduction as laid down in the "Farmers' Platform" and that the Secretary advise our member, Mr. Blair, to that effect. Carried.

Moved, J. Tooth—Thos. Smith, that we have 1500 prize lists printed and distributed by mail. Carried.

Suggestions as to Special Prizes be left to Prize list committee.

Moved J. Tooth—Hugh Young that members of Society be admitted free to Fair Grounds.

The following committee was then appointed:- J. Tooth, Mrs. Armour, Mrs. Holbrook, A. E. Keith, Thos. Smith.

Moved, G. Snell—Geo. Leggett, that the Secretary and President write a letter of sympathy to Mr. J. Wright and his wife. Carried.

Moved, Mrs. Holbrook—Thos. Smith that we charge \$3.00 for dance in hall. Amended A. E. Keith—J. Tooth, that we charge \$5.00. Amendment Carried.

Moved, J. Tooth—A. E. Keith, that \$3.00 be paid for use of piano on night of Delegates report. Carried.

Secretary reported that \$8.00 had been paid for rent of room in Hotel, for entertainment on April 7.

Mr. D'Albertanson then addressed the meeting explaining the use of column of paper to Society.

Moved, MMrs. Armour that meeting adjourn.

P. H. PERRY, Sec.-Treas.

S. Burch has been spending a few days in town and has now departed taking his Haynes car West.

## LOCAL & GENERAL NOTES OF CURRENT INTEREST

Lee Wells, of Wainwright was a visitor to Chauvin Saturday.

Mr. and Mrs. Chester Bull are guests of George Hair.

Ellen Borregaard is clerking at Roy's Store.

Gabriel Ledru took a short trip to Edmonton.

A daughter was born to Mr. and Mrs. Alfred Simarde, on April 8th. Tris being their seventh daughter.

Arthur Carson, Reeve of Merton was a visitor in town.

Autoist's look out for the police if the 1919 lable isn't on your car.

Mr. and Mrs. Newport with four children journeyed from Wainwright to their new house at Marsden.

Our old timers, Mr. and Mrs. Nelson, of Ribston were in Chauvin recently.

Archie Howe, the original stage driver of Lloydminster-Stanisley mail route visited Chauvin.

Miss Violet Perry was in town Saturday. We are glad to see her around after her recent illness.

Cosy Hollow farm, with its bachelor owner was the entertainer of some wayfarers. Did he relish his fair guests visit with their re-arranging his furniture, and no bread on hand for the usual repast.

The lady directors were busy on Saturday with their end of the prize list, in their usual direct way.

It is now up to the men to get their work completed.

Don Reinhart was in town, recovered from the flu.

## ARTLAND NOTES

The ladies of Sherlock Lake district are giving a pie social and dance in Brady School on Monday May 23rd

A smelling contest will also be held and all those with good noses should attend. This social is in aid of the Returned Soldiers Fund, only a small sum is now needed to bring it to the figure aimed at. All are welcome. Come in crowds.

The Stork called at the home of Mr. and Mrs. Carl Gabrielson's on April 21st and left a fine big daughter.

The phones are now installed on the farms of Mr. Scott, Mr. Watson and Walter Smith.

Mrs. Bruce Graham, died in Lashburn Cottage Hospital on Saturday, April 20th. The residents of Artland and district extend their heart felt sympathy to Mr. Graham and his baby daughter.

Mr. and Mrs. Wm. Wright were visitors at Mr. and Mrs. Howard Cayfords on Easter Sunday.

Miss M. Johnston spent Easter Sunday with her parents Idylwyld Farm.

Mrs. Arthur Rose and family are spending Easter holidays with Mr. and Mrs. John Graham of Wycollar.

## EDMONTON PACKING BUSINESS SHOWS BIG INCREASE

In December 1918 the disbursements of the one of the packing plants at Edmonton in payment of live stock and in freight and wages reached the great sum of \$1,234,000. This is an indication of the great strides Northern Alberta is making as a live stock country.

## MANITOU LAKE COUNCIL MEETING

Report of the meeting of the Council of the Rural Municipality of Manitou Lake No. 442, held at Marsden Monday April 14th 1919. All the Council being present.

The minutes of the last meeting were read and approved.

It was agreed with the Secretary that he retain office until the arrival of his son, or other new Secretary, and to remain with him if needed for one month to ensure a clear and correct carry-over.

A delegation attended the meeting to ask the Council's recommendation to the Department of Education that the Fram School site be removed from section 11-45-28-3 to a position one mile south, to make it more convenient for the childrens attendance at school. Sections 18-19 and fractional 24 to be eliminated from the district.

After prolonged discussion, four voted for and three against the motion.

Applications for seed grain were made from several C.P.R. contractors which were granted in consideration of their giving collateral security with lent for the childrens attendance at by reason of the C.P.R. not having caveat against the land.

Applications for seed grain were made by entrants on lands as yet unpatented. These could not be granted, the time for the application to the Department having expired.

An application for an advance for seed grain was made by a ratepayer who had negotiated a loan with a (Continued on inner page)

## MANITOU TELEPHONE MEETING

A meeting of the Directors of Manitou Lake Rural Telephone Co., was held at Brady School Saturday, April 12th, with the President in the chair.

Minutes of previous meeting were read and approved.

Mr. Palmer was present desiring to know his standing as regards the phone. Mr. Palmer has sold his farm but the directors unanimously voted him the privilege of using any phone in the system for the present.

A by-law was drawn up and after being read three times was passed to the effect that: Any subscriber desiring the phone removed from their residence must pay a fee of three dollars to the Secretary to pay for such removal.

(Continued on inner page)

## ANOTHER CASE OF BEING WEIGHTED DOWN WITH THE HONOR

Easter service at Killarney was augmented and ably assisted by the Junior Choir of Westminster church, which Mr. Keith, who can always be counted on to rise to the occasion, drove out in his big car. Other distinguished visitors were Mr. and Mrs. Parsons, Ruth, and of course "Teddy" while Mr. T. H. Saul led the choir on his violin, helping the singing appreciably, being master of his instrument in a marked degree. Mr. and Mrs. Anderson were accompanied by Mrs. Herbert.

Naturally the regular Killarneyites felt highly honored by the visit, and when one of the Managers heard of it he immediately became anxious about the unreliable legs belonging to some of the church chairs, "I'm thinking," said he, "If we're going to have the City Father's and such like celebrities, at the service we'll have to be getting those chairs braced!"

Moral.—Come again, but choose your chair, with care!

Owing to pressure on our space, we are obliged to omit the the chapter of the Serial, besides many other interesting items.

## THE FARMERS' PLATFORM

(Published by Request)

1.—A League of Nations as an international organization to give permanence to the world's peace by removing old causes of conflict.

2.—We believe that the further development of the British Empire should be sought along the lines of partnership between nations free and equal, under the present governmental system of British constitutional authority. We are strongly opposed to any attempt to centralize imperial control. Any attempt to set up an independent authority with power to bind the Dominions, whether this authority be termed parliament, council or cabinet, would hamper the growth of responsible and informed democracy in the Dominions.

### The Tariff

3.—Whereas Canada is now confronted with a huge national war debt and other greatly increased financial obligations, which can be most readily and effectively reduced by the development of our natural resources, chief of which is agricultural lands

And whereas it is desirable that an agricultural career should be made attractive to our returned soldiers and the large anticipated immigration, and owing to the fact that this can best be accomplished by the development of a national policy which will reduce to a minimum the cost of production

And whereas the war has revealed the amazing financial strength of Great Britain, which has enabled her to finance, not only her part in the struggle, but also to assist in financing her Allies to the extent of hundreds of millions of pounds, this enviable position being due to the free trade policy which has enabled her to draw her supplies freely from every quarter of the globe and consequently to undersell her competitors in the world's market, and because this policy has not only been profitable to Great Britain, but has greatly strengthened the bonds of the Empire by facilitating trade between the Motherland and her overseas dominions—we believe that in the best interests of the Empire and of Canada would be served by reciprocal action on the part of Canada through gradual reductions on the tariff on British imports, having for its object closer union and a better understanding between Canada and the Motherland and at the same time bringing about a great reduction in the cost of living to our Canadian people:

### Fosters Combines

And whereas the Protective Tariff has fostered combines, trusts and gentlemen's agreements in almost every line of Canadian industrial enterprise, by means of which the people of Canada, both urban and rural, have been shamefully exploited through the elimination of competition, the ruination of many of our smaller industries and the advancement of prices on practically all manufactured goods to the full extent permitted by the tariff:

And whereas agriculture—the basic industry upon which the success of all other industries primarily depends—is unduly handicapped throughout Canada as shown by the declining rural population in both Eastern and Western Canada, due largely to the greatly increased cost of agricultural implements and machinery, clothing, boots and shoes, building material and practically everything the farmer has to buy, caused by the Protective Tariff, so that it is becoming impossible for farmers generally under normal conditions, to carry on farming operations profitably;

And whereas the Protective Tariff is the most wasteful and costly method ever designed for raising national revenue, because for every dollar obtained thereby for the public treasury at least three dollars pass into the pockets of the privileged classes at the expense of the masses, thus making the rich richer and the poor poorer;

And whereas the Protective Tariff has been and is a chief corrupting influence in our national life because the protected interests, in order to maintain their unjust privileges, have contributed lavishly to political and campaign funds, thus encouraging both political parties to look to them for support, thereby lowering the standard of public morality.

### Definite Tariff Demands

Therefore be it resolved that the Canadians Council of Agriculture, representing the organized farmers of Canada, urges that as a means of remedying these evils, and bringing about much needed social and economic reforms, or tariff laws should be amended as follows—

a—By an immediate and substantial all-round reduction of the customs tariff.

b—By reducing the customs duty on goods imported from Great Britain to one half the rates charged under the general tariff, and that further gradual uniform reductions be made in the remaining tariff on British imports that will ensure complete Free Trade between Great Britain and Canada within five years

c—That the Reciprocity Agreement of 1911 which still remains on the United States statute books, be accepted by the parliament of Canada.

d—That all food stuff not included in the Reciprocity Agreement be placed on the Free List.

f—that all tariff concessions granted to (Continued on inner page)

By our advertisement columns you will be able to obtain your seed potatoes at very reasonable prices. Buy now and make sure of getting them, there may yet be a shortage.

ARTLAND NOTES

A building outfit arrived on Thursday for the new elevator that the "Atlas" Co. of Winnipeg propose to put up at this point.

It affords us much satisfaction to record this little item of news, marking as it does, a fresh and important step in the continued progress of Artland.

As one of our esteemed residents remarked, "our eyes are getting somewhat strained in looking out for the arrival of the Bank," why tarry so your chariot wheels? is what we sometimes ask.

If we could at the same time, add that the Merchants Bank were opening an office in Main Street, the effect would have been increased.

As he seemed inclined to gloom, we whispered "Amen" cheerfully, and passed on.

Mr. Newport, one of the recent arrivals in this district went out to his place last week, with four loads of furniture.

We understand that he expects to be joined by his family at an early date.

Alfred Scott of Edgerton, who late-

ly returned from the War, is busy in town these days in connection with operations on Cection 31-43.

George Preston has recently bought a Fordson tractor.

BEING AN EDITOR

Most any man can be an Editor. All the Editor has to do is to sit at a desk six days a week, four weeks a month, and twelve months in a year and edit such stuff as this:

"Mrs. Jones, of Cactus Creek, let a can opener slip last week and cut herself in the pantry. Joe Doe climbed on the roof of his house last week looking for a leak and fell landing on his back porch. While Harold Green was escorting Miss Violet Wise from the Church Social last Saturday night a savage dog attacked them and bit Miss Green on the public square. Mr. Frang while harnessing a broncho last saturday was kicked just south of his corn crib."

MANITOU TELEPHONE MEETING

(Continued from front page)

Mr. Scott having rented Olaf Andersons farm and desiring to have a phone installed, it was agreed by the Directors that a written order would have to be obtained from Lewis Swannstrom, administrator of Olaf Anderson's estate before such phone could be installed.

Secretary was instructed to return C. Kettlewell account as per share money.

Extension work was now dealt with Mr. Wm. Wright was engaged to do the extension work, he to be assisted in each case by the subscriber who was having a phone installed. The Directors agreed to remunerate Mr. Wright at the rate of \$1. per hour for time actually engaged on each job.

Walter Smith having made application for a phone and paid the necessary share money, it was decided to instal a phone for him at once since no poles were reqired in the installation of such.

Secretary was instructed to write Dept. of Telephones as regards the number of phones to be placed on currents 1 and 2.

A resolution was unanimously passed by the Board of Directors that James Coe, as well as other returned soldiers be granted free use of any phone in the System for the period of one year.

Some accounts were passed and cheques issued in payment.

Meeting adjourned to meet at the call of President.

MANITOU LAKE COUNCIL MEETING

(Continued from front page)

Mortgage Co. and in accordance with the Seed Grain Act this was referred to the Loan Co. to handle.

The proposed road to Learig School came up for discussion again, and was left over until next meeting, meanwhile a sub-committee was instructed to inspect the location.

A petition from ratepayers in 45-26-3 was handed in asking for \$200 to be expended in improving the road on the west side of sections 30 and 31, the lands being fenced on either side and the road impassable, a slough interfering.

This was left till next meeting, and councillor to inspect meanwhile.

It was resolved that the rate of pay for road work be the same as last year.

It was resolved that in accordance with the amended Municipal Act the Councillors indemnity fees be raised from \$3 to \$4 per day and the reeve from \$4. to \$5 per day, Councillor Graham objecting.

It was resolved that the Council authorize the Reeve and Secretary to borrow from Banks the sum of \$10000 for current Municipal expenditure and \$10000 for school levies and \$4000 for Telephone levies, \$14000 had been borrowed for Seed Grain advances authorized by the Seed Grain Act.

Accounts

An account of \$409 having been incurred for attendance on the late Ed. Wulfrum, at the Royal Alexandra Hospital, the Council, without admitting any responsibility, agreed to pay

the sum of \$100 towards the account.

Several accounts for hospital attendance on maternity cases were passed, subject to the number of days charged being made conformable to the maximum of 21 days agreed upon by the conference of the Municipalities concerned.

A Hospital charge was handed in for attendance on a non resident, this being referred back to the Hospital Board, the matter concerning an adjoining Municipality.

It was resolved to order 500 doses of Blackleg Filtrate and 3 Syringes.

Dr. Folkins account for attendance on influenza patients was dealt with. The charges were for quarantining and disinfection etc. The advice of the Department had been sought as to responsibility, the reply being that the Council were not responsible, unless some agreement had been made with the Doctor. It appeared that only in cases of real destitution were the council liable. But an agreement having been made with the Dr. in this case it was ultimately decided to

pay the account amounting to \$291, but to inform him that as from January 1st last, all charges made by him must be collected by himself.

Pending the Completion of the Public Health Bye Law it was decided that each Councillor act as a Public Health Inspector in his own territory and the Reeve to act as such in the Municipality generally. These Inspectors to act in conjunction with the Medical Health Officers in cases of emergency.

Accounts were approved for payment amounting to \$4000, including \$500 for Gopher Poison; \$2400 for Seed Grain advances; Bank Interest charges \$890; Chauvin Chronicle \$35; Burial costs charged to estate \$86; Hospital charges \$103.50; Health account \$291.

Next meeting at the Reeve's residence Monday, May 5.

Note to ratepayers, Secretary is in attendance at the office or at Mr. Chapman's.

(Signed) WILLIAM SWARBRICK, Secretary-Treasurer

### CHAUVIN AGRICULTURAL SOCIETY COLUMN

By arrangement with the Chauvin Chronicle the Chauvin Agricultural Society have decided to make this column in the local press a regular feature. The directors, in turn, will participate by contributing the matter for insertion. It is hoped that this will allow of presentation of many of the agricultural questions, in their local application, and may be of service to the members of the society and to every farmer in the district.

#### BRIEFS ABOUT AN AGRICULTURAL FAIR

The Agricultural Fair is intended by the Government of a province or country to be an important educational factor in the lives of the rural community.

When agriculture is the basic industry of a country or province it becomes important for the profitable progress of the country and its people that there should be some means of educating the farmer along intelligent, uniform, and up to date lines. For in the basic industry of a country lies the potential wealth of that country.

One of the ways chosen by the government to help the cause of agriculture is by the agricultural fair, which is a sort of object lesson to illustrate the theory of good farming and stock raising methods.

That this object lesson has proved a success is shown by the increase in Government Grants each year.

Bringing in exhibits on Fair day is one of the healthiest ways of stimulating that spirit of friendly rivalry, which in its finest form is the surest way of putting a district out of the Dead-head into the Go-a-head class.

A good turn out of Exhibits on Fair day is also one of the most substantial ways there is of advertising the excellency of our particular district, Exhibits, like facts, being the chiefs that winnading.

Fair day being a field day for all of us, it becomes everybody's affair to see that it is a success, when everybody has a shoulder to the wheel, it has no chance to get stuck in the Mud of Indifference.

Fair day is the day when we meet old friends and make new ones, and find we are all the better for the day off from the daily chores, for what saith Solomon "As iron sharpeneth iron, so doth the face of man his friend."

Thus Fair day besides providing a valuable lesson in education along farming and stock raising lines, leading to success—is also an aid to the growth and encouragement of that community spirit which is the best antidote to be found for the all pervading industrial unrest, and class distrust we hear so much of. The more of this spirit we can have, the better are we fitted to stave the other spirit off, and to hasten instead, the coming of that day Robbie Burns sang of a century ago, "When man to man the world o'er shall brothers be for a' that."

#### THE FLOWER GARDEN BY M. J. TINLINE B.S.A.

Supt., Scott Experimental Farm. Three factors used in ornamental gardening are trees, shrubs and flowers. Of these the flowers are no doubt the most interesting to the average amateur gardener. The flowers may be divided into three classes, perennials, those that have to be started in the hotbed and the annual flowers that can be sown out of doors. For the most part the flowers grown in northwestern Saskatchewan are annuals that are sown out of doors.

On the Scott Station a large number of flowers are tested out each season and the following list is given that will grow in the open. No attempt is made to describe the appearance of these flowers since this information can be secured from any seed catalogue. A postcard sent to any of the seed houses will secure a catalogue free of charge.

Alyssum, African Daisy, Asters, Calendula, Centaurea, Clarkia, California Poppy, Godetia, Lium, Larkspur, Marigold, Mignonette, Nemesis, Poppy, Salpiglossis, Virginian Stocks.

#### NOTICE To Employers

The Workmen's Compensation Act, 1918 provides that every employer of labor coming within the scope of the Act, shall forward each month a statement of his payroll to the Workmen's Compensation Board at Edmonton.

As the Act is now effective, employers should at once communicate with the Secretary of the Board, who will forward such forms and information as are necessary.

THE WORKMEN'S  
COMPENSATION BOARD  
Edmonton, Alberta.

#### MUNICIPAL DISTRICT OF MERTON NO. 451 BY LAW NO. 12.

The Municipal District of Merton No. 451 enacts as follows:

"That By-law No. 2 of the Municipal District of Merton No. 451; relating to the Restraining and Regulating of Animals running at large within the limits of the Municipal District; passed in Council on June 15th 1915, shall cease to be operative in that portion of the Municipal District comprising Township 47 RRange 1 and the North 1-2 Township 46 Range 1; on and after April 5th 1919;

And that unless a Petition is received to the contrary within THIRTY days of the publication of this Notice; Herd Law shall come into force in that portion of the Municipal District of Merton No. 451, comprising Township 47 Range 1 and the North 1-2 Township 46 Range 1.

We have provided a Writing Table, Chair, Paper, Pen and Ink for your use at any time you may have to write a letter, whilst in town. Just walk in and make use of them. You are welcome. No charge.

## Does a Farmer Need a Truck?

THE farmer with a Ford Truck practically lives next door to the market.

He has a choice of markets. He becomes more independent.

He can market his goods when and where he pleases.

He sells his crop to the very best advantage.

And his hauling costs him less in labor and money.

It is not only cheaper to haul with a Ford Truck than with a team and wagon, it is quicker, it is easier work.

Consider the time and labor the farmer can save with a Ford Truck. With a team the trip to town takes the better part of a day.

A Ford Truck makes the same trip in two or three hours.

When labor is so scarce, what farmer can afford to waste day after day of his valuable time?

### Ford Trucks Complete with Body and Enclosed Cab

Ford One-Ton Trucks are now supplied, if desired, with standard truck bodies in two types, the Stake Body and the Express Body.

In both standard bodies the cabs may be supplied with or without doors as desired.

See these complete Ford Trucks. Consider the matter from every angle; the cost of feeding horses against the cost of running a Ford Truck; the time you lose on the road; the money you lose by being so far from the best markets. There is only one conclusion you can come to. You will have a Ford Truck.

Price (Chassis only).  
\$750 f.o.b. Ford, Ont.

#### SUNDAY SCHOOL LESSON

Sunday, April 27th, 1919: **The Holy Spirit Our helper.** Acts 2: 1-8, 14-18

Last week's lesson closed with the call of Jesus to the Disciples to meet him in Galilee. At that meeting he commands them to be witnesses for him to all nations; but they are not to undertake this alone. He will be with them in a new form as the Holy Spirit. At Pentecost, they feel that the promised helper has come.

**GOLDEN TEXT:** If ye then, being evil, know how to give good gifts unto your children, how much more shall your heavenly Father give the Holy Spirit to them that ask him? Luke 11: 13 (Rev. Ver.)

#### BRER RABBIT AND BRER FOX

Brer Rabbit was a naughty, cunning little creature, and as saucy as a jay-bird. He was always playing tricks on his neighbors, and they were always trying to catch him. But it wasn't by any means an easy task to catch Brer Rabbit.

One day Brer Wolf said to Brer Fox.

"If we don't get that little varmint for supper tonight" says he, "I'll give up being a wolf, and eat grass. You just run along home and get into bed and make out your dead," says he, "and don't you say anything till Brer Rabbit comes and puts his hands on you. Then we'll get him right enough."

So Brer Fox went home and got into bed, and Brer Wolf he marched off to Brer Rabbit's house and knocked at the door.

"Bod news, Brer Rabbit," says Brer Wolf. "Poor Brer Fox died this morning, and I'm off to arrange the funeral," says he.

Brer Wolf trotted away, and Brer Rabbit went round to Brer Fox's house to see what he could see. He peeped in, and there was Brer Fox stretched out on the bed as stiff as a poker, looking as if he was dead. But Brer Rabbit was always too wide awake to be easily deceived, and he says out loud, as if talking to himself;

"Poor old Brer Fox! I hope he isn't dead; but I expect he is. I'd better sit here till the neighbors come round. But I wonder if he's really dead," says Brer Rabbit in a kind of doubtful way. "Doesn't look like it," says he. "You can always tell when a Fox is dead by the way he keeps shaking his hind leg," says he.

When Brer Fox heard this, he thought he'd show he was really dead, and began shaking his hind leg, and as soon as Brer Rabbit saw it he tore out of the house as fast as he could, and did not stop till he reached the safety of his own home. Brer Wolf and Brer Fox had to go to bed without any supper that night.

What is the difference between Noah's Ark and Joan of Arc?

One was made of wood and the other was Maid of Orleans.

Why is coffee like a blunt axe?

Because it has to be ground before it can be used.

Why is it foolish for a man to buy a short walking-stick?

Because it can never be long to him.

Why should blacksmiths be shunned as companions?

Because they are much given to vice, and are for ever striking.

What man is like an unfriendly dog?

A dentist, because he always shows you his teeth.

Why are church bells like disobedient children?

Because they are never quiet when they are told (toll)ed.

What kind of dress is like an arm chair?

A sat-in (satin) one.

What are the names of three girls who can spell their names backwards

If they wish to, and spell them correctly?

Hannah, Eve, and Ada.

What is it that everybody can make best in a hurry?

Haste, of course.

How many letters are there in the word DONE?

TWO. For if you take away the first letter only ONE remains.

RIBSTONE NOTES

E. Jamieson of Torono is conducting services in this district. There was a service at La Pearl school and in the hall at Ribstone Snday. There was a good crowd at both services.

Mrs. Burrison, and family were vis-  
iting relatives near Hayter last week.

George Hiar is in town again, it seems as if George has some attrac-  
tion in the Ribstone District . This is the place isn't it George.

R. C. Aiken was in Chauvin on busi-  
ness on Saturday.

C. Partlow shipped a car of settlers effeects from Ontario. Mr. Partlow and family have purchased land in this district and intend farming it.

Be a "Booster" not a "Knocker, help things along.

There was a dance in the Hall Fri-  
day night, everyone reports having a good time.

Jas. Russel purchased a team of Clydesdales last week.

Mrs. C. Waite and family have been visiting friends and relatives, they re-  
turned home Sunday.

John Phippen is visiting his sister at Winter. The town seems dead without the old pioneer.

The express strike is settled and things are going on just the same.

Basil Murray was in town and gave the local nine a challenge for a game, so watch out for a big game of ball.

E. L. Murray left for Edmonton to see his father who is to undergo an operatiou.

Robert Nelson is spending the week end in Edmonton, visiting friends and relatives.

Miss Freeman left for her home in the East Friday. Miss Freeman has been teaching at the Cresthill School The school is closed for awhile.

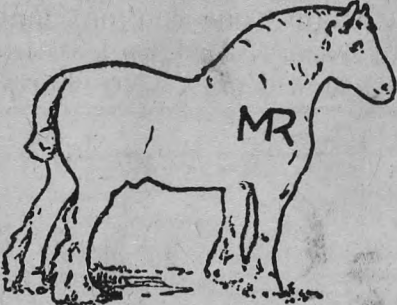

Miss McDougal is spending the Easter holidays in Edmonton,

Mrs. Lawrence and Miss Eyre went to Chauvin recently, on a shopping expedition.

Well, when is the next doings in town, She seems a little dead just now, Come to life and keep things going.

There is a baseball meeting called for Saturday night April 26th. Every one turn out and make it a success.

FIX UP  
(BY WALT MASON.)

The long war made us sick and faint, we had no heart to hump; and so, alas, we did not paint the cowshed and the pump; we read long tales of bones and woe, and let our chores to thunder go, and now our houses look as though they should be at the dump. We had no heart to trim the trees, or bear dead cats away, when mighty legions o'er the seas, engaged in bloody fray; and while those legions thundered on, the tin cans gathered on the lawn, with broken dish and demijohn, and heaps of leaves and hay. While still upon the kaiser's brow, the tyrant's crown was seen, we had no heart to groom the cow, or plant the pinto bean; we had no heart to decorate the lawn swing and the garden gate; we merely stood and railed at fate and cursed the subma-  
rine. Now in a castle queer and quaint the mildewed kaiser sits; and we should buy some rich red paint, and throw some clear up fits; for kalsomine of gaudy hue, to make the shack look good as new, for clover seed and blue grass, too, we ought to blow six bits. We've talked of war a weary while, of admirals and kings; now let's put on your peace time smile, and think of other things; let's fix the roof before there's rain replace the broken window pane; a lot of duties in it's train this smiling season brings.

## THE TURNING IN

## THE LONG LANE

Without doubt the next move in the game of politics is due to be made by the farmer. Just because he's such hands, it has taken him a longer time to catch on to the long evident fact, that most of his time in the past has been spent acting as doormat for the other fellow to wipe his feet on, as he (the other fellow) passes on to success. But even a doormat can get where it can hold no more, and the farmer is getting round to the idea that if he wants relief for his economic burdens, and fair play, he'll have to go into the political arena and wrestle for his rights himself. Parliamentary benches seem to have a curious somnolent effect on most of our Western members, somehow, but

we reckon that even if they do invite our farmer candidate to "sit easy, and play the game like other politicians," the memory of his own experiences—maybe the price of that last binder he bought—will keep him from succumbing to the voice of the party tempter. For experience is the lad that takes off our rose colored spectacles and replaces them with the True Perspective optics. Without doubt the 'perspective' ahead of the farmer, and indeed of the country is sufficiently drear to make us turn to any practical sound remedy offered to lighten the prospect,—and to take that remedy as our own, and give it a chance to do something for us.

To change the simile—Shakespeare said, long ago that "there is a tide in the affairs of men which taken at the

flood leads on to fortune."

The tide of farmers' affairs is at the flood now, and it depends on our ability to launch our barque of organization upon it, whether we will be borne on to fortune, or remain stuck in the mud of misfortune.

We will have to take somebody on trust, we have taken our former party candidates and their various shortcomings with much trustfulness in the past, why not extend the same faith a little further to the man who is one of ourselves, especially when, before he became acceptable to us as a farmers' man, he has to swear allegiance to the referendum and recall, which while it may act as a sort of irritating check rein on a M.P. of unsettled and easy led nature, has no terror at all for the fellow, who is doing his hardest to get what his constituents have entrusted him to get for them. The old time farmers doasted of his individualism and of his independence, but the new style farmer knows that paradoxical as it may seem the modern short cut to independence lives in co-operation. Therefore he joins the Farmers' Union in his district, and gives it his support, knowing that it will accomplish for him, by reason of its strength results he could never alone have reached in a lifetime "kicked" he ever so diligently. For it is curious, but true, that so long as we make complaint as individuals it is treated by the Powers that be, as a "kick," but the moment we protest as an organization, it becomes "a cause," and gets into the spotlight of attention commonly kept for "Causes," and as you know spotlights have a knack of showing up that we've been having cause to "kick", (that last sentence sounds like the weather man winding his heat waves round the cold waves, but probably it will not strain the average farmers' intellect to get the meaning out of it.)

In view of all this, therefore, it would seem that no matter how party-bound we are we are going to betray ourselves and our brother producers and fellow consumers, if we vote for either of the old parties on the usual basis of vague promises,—let us remember that there's no soil like the soil of partyism for growing a bunch of broken pledges, for the spirit of partyism is content to see its man get in that is about glory enough for it, and renders it careless of others laurels. Taken all in all there seems no other political platform formulated so suitable to the needs of all of us everyday workaday folks, as the Farmers' Platform, which, though called 'the Farmers' is broad enough, weighty enough, and stout enough to hold all of the West, urban and rural, demanding as it does economic reforms, and tariff reductions which are required as much by the country merchant, and the citizens of the towns, as their fellow buyers and producers in the country.

Too long has a Nervy Preference masquerading as a National Policy, increased the price of everything nearly that we look on as absolute necessities, of life. Let us pin our faith in future to the platform that suits our needs, and though our "set notions" may cause our Eastern Politicians to, worry lest we are becoming "unpatriotic" and "disloyal" in our desire for reciprocity and other kinds of fair play, it is about time for him to be worrying, he's had the preference so long he ought to be able to keep the Wolf of Want from his mansion door, quite a while, on the strength of the profits of past political policies.

At any rate let us at least give the Farmers' Platform—appended below—the 'once over' and another for luck if we prefer being just to ourselves, and our future interests to being silly partisan sheep, at the mercy of wily interests who have got the idea that we Westerners, or our profits are their lawful legitimate prey, and are ready to call us all sorts of names, in their rage over our having come to our senses, speaking politically and literally.

A choice line of pipes, cigars, Tobaccos, Chocolates and Candy at  
The Chauvin Pharmacy

The Canadian Trade Commission believes that buying Canadian-made goods at home, together with more exporting, will solve the war-debt problem.

The C.T.C slogan for Canadian men and women is 'Buy Canadian-made goods.'

(Continued from front page)

other countries be immediately extended to Great Britain.

g—That all corporations engaged in the manufacture of products protected by the customs tariff be obliged to publish annually comprehensive and accurate statements of their earnings.

h—That every claim for tariff protection by any industry should be heard publicly before a special committee of parliament.

**Taxation Proposals**

4. As these tariff reductions may very considerably reduce the national revenue from that source, the Canadian Council of Agriculture would recommend, that, in order to provide the necessary additional revenue for the carrying on the government of the country and for the bearing of the cost of the war, direct taxation be imposed in the following manner:—

(a) By a direct tax on unimproved land values including all natural resources.

(b) By a graduated personal income tax.

(c) By a graduated inheritance tax on large estates.

(d) By a graduated income tax on the profits of corporations.

(e) That in levying and collecting the business profits tax the Dominion Government should insist that it be absolutely upon the basis of actual cash invested in the business and that no considerations should be allowed for what is popularly known as watered stock.

f. That no more natural resources should be alienated from the crown, but brought into use only under short-term leases, in which the interests of the public shall be properly safeguarded, such leases to be granted only by public auction.

**The Returned Soldiers**

5. With regard to the returned soldier, we urge:—

a—that it is the recognized duty of Canada to exercise all due diligence for the future well-being of the returned soldier and his dependents.

b—that demobilization should take place only after return to Canada.

c—that first selection for return and demobilization should be made in the order of length of service of those who have definite occupation awaiting them or have other assured means of support, preference being first given to married men and then to the relative need of industries, with care to ensure as far as possible the discharge of farmers in time for the opening of spring work upon the land.

d—that general demobilization should be gradual, aiming at the discharge of the men only as it is found possible to secure steady employment.

e—it is highly desirable that if physically fit discharged men should endeavour to their former occupation, and employers should be urged to re-instate such men in their former occupations wherever possible.

f—that vocational training should be confined to those who while in the service have become unfitted for their former occupation.

g—that provision should be made for insurance at the public expense of unpensioned men who have become undesirable risks while in the service.

h—that facilities should be provided at the regarded as an assessable value for the purpose public expense that will enable returned soldiers to settle upon farming land when by training or experience they are qualified to do so.

6. We recognize the very serious problem confronting labor in urban industry resulting from the cessation of war, and we urge that every means, economically, feasible and practicable, should be used by federal, provincial and municipal authorities in relieving unemployment in the cities and towns; and, further recommend the adoption of the principle of co-operation as the guiding spirit in the future relationships between employer and employees—between capital and labor.

**Land Settlement**

7. A land settlement scheme based on a regulating influence in the selling price of land. Owners of idle areas should be obliged to file a selling price of their lands, that price to be of taxation.

8. Extension of co-operative agencies in agriculture to cover the whole field of marketing, including arrangements with consumers' societies for the supplying of foodstuffs at the lowest rates and with the minimum of middle-man handling.

9. Public ownership and control of railway, water and aerial transportation, telephone, telegraph and express systems, all projects in the development of natural power, and of the

coal mining industry.

**Other Democratic Reforms**

10. To bring about a greater measure of democracy in government, we recommend:—

a—the immediate repeal of the War Times Election Act.

b—the discontinuance of the practice of conferring titles upon the citizens of Canada.

c—the reform of the federal senate.

d—an immediate check upon the growth of

government by order-in-council and increased responsibility of individual members of parliament in all legislation.

e—the complete abolition of the patronage system.

f—the publication of contributions and expenditures both before and after election campaigns.

g—the removal of press censorship upon the restoration of peace and the immediate restor-

ation of the rights of free speech.

the setting forth by daily newspapers and periodical publications of the facts of their ownership and control.

i—proportional representation.

j—the establishment of measures of direct legislation through the initiative, referendum, and recall.

k—the opening of seats in parliament to women on the same terms as men.

# Help the Y.M.C.A. Finish its Work For Soldiers

*Help the "Y" Construct the Manhood that will Re-construct Canada*

ALL the world now knows that the Red Triangle of the Y.M.C.A. was the "Sign of Friendship" to thousands of your brothers, sons, nephews, cousins and neighbours' boys in the last four and a half years. Wherever the Canadian Soldiers went, the "Good old 'Y'" went too. And now it is coming back home with them!

For the support which has made possible the war work of the Y.M.C.A. we thank you. Your money has been well expended. We have rendered full account.

We ask now your continued sympathy and support for Red Triangle Service for our Soldiers during demobilization, and for Y.M.C.A. work for Canada generally during the Reconstruction period. The Annual Red Triangle campaign will be held throughout Canada May 5th to 9th, 1919. The objective is \$1,100,000.

*The Y.M.C.A. will keep its chain of Service unbroken till the end.*

## For Our Men Returning

For the soldiers and their dependents, returning from Overseas, we have provided as follows:—

1. A Red Triangle man on board every ship when it leaves Great Britain, with a full equipment of games, gramophones and records, magic lantern, literature and writing materials. Where possible, also a piano or an organ. Lectures, concerts, sing songs, instruction re Government repatriation plans, and Sunday Services.

2. Red Triangle comforts and facilities for the men on arrival at Halifax, St. John, Quebec and Montreal, including coffee stalls, with free drinks, free eatables, cigarettes, candies, etc.

3. Red Triangle men on every troop train to provide regularly free drinks, eatables and cigarettes, organize games and sing songs, and furnish information.

4. Red Triangle free canteen service, information bureau, etc., at each of the 22 Dispersal centres in Canada.

5. Red Triangle Clubs in the principal cities of Canada in the shape of large Y.M.C.A. hostels to furnish bed and board at low rates and to be a rendezvous for soldiers.

6. Seventy-five Secretaries to superintend Red Triangle service in Military Hospitals, Camps and Barracks throughout Canada.

7. Tickets entitling soldiers to full Y.M.C.A. privileges for six months at any local Y.M.C.A. furnished.

In addition to our work for the returning soldiers, we have to maintain the Red Triangle service to the full for the soldiers in Siberia, as well as the work of special secretaries in Northern Russia, Palestine and Poland.

**Canadian  
Y.M.C.A.  
Red Triangle Campaign  
\$1,100,000 May 5th to 9th  
Canada-Wide Appeal**

## For Canada's Manhood

The Reconstruction program of the Y. M. C. A. includes the following vitally important developments:—

1. An increased service to 300,000 teen-age boys in the Dominion—the development of Canadian Standard Efficiency training; Bible Study groups; summer camps; conferences; service for High School boys, for working boys, in the towns and cities; for boys on the farm and for boys everywhere, who have lacked opportunity for mental, moral, physical or social development.

2. Inauguration of Y.M.C.A. work in the country, and the smaller towns and villages lacking Association buildings and equipment, on a plan of county organizations. This will include the establishment of Red Triangle centres for social, recreational and educational work among boys and men, in co-operation with the churches.

3. The promotion of Y.M.C.A. work among Canada's army of workers in industrial plants, both in Y.M.C.A. buildings and in the factory buildings, organizing the factory workers of our cities by meetings, entertainments, games and sports.

4. The establishment of the Red Triangle in isolated districts where lumbermen, miners and other workers hold the front trenches of industry.

5. Besides these main fields of increased activity for 1919, we have to provide for enlarged work among railway men, college students and for our campaign to encourage physical and sex education. Under all our work we place the fundamental foundation of manly Christianity.

**Y.W.C.A.**

For the wives and children Overseas, dependent upon Canadian soldiers, and for Y.W.C.A. work in Canada generally, a sum of \$175,000 from the Red Triangle Fund will be set aside for the Dominion Council of the Y.W.C.A., which is caring for the soldiers' women folk, and their little ones on the long journey, from Liverpool to Canada, and is also extending its work for Canadian girls.

For their sake also be generous when you make your contribution.

FOR the sake of our victorious soldiers and their dependents, and the happiness of their home-coming; for the sake of our future citizens, our teen-age boys; for the sake of rural life in Canada; for the sake of the social betterment of the toilers in factory and workshop; for the sake of lonely men and boys in our mines and forests; for the sake of Christian Society and Canadian manhood—we appeal to you. Give us your contribution, little or big. Be as generous as you can.

Hand your contribution to the canvasser when he calls, or if you live where it is difficult for him to call, send it by check, money order or registered letter to the National Treasurer, Red Triangle Campaign, 120 Bay Street, Toronto.

**Please Note:**

We are not asking for money to carry on our work Overseas, with the Army in Great Britain, France or Belgium. That work will continue at its maximum for some months, financially provided for by the liquidation of our assets Overseas, and will not terminate till the last man has sailed for home.

## National Council, Young Men's Christian Associations of Canada

reward ptr head for information lead-  
ing to recovery. Chrjst Leicht, Sec.  
36-49-5. Vermilion, Alberta.**EDGERTON NOTES**We have been without a garage since last  
fall but Mr. F. F. Parkinson has opened the  
garage next to Jackson and Challenger's barn,  
and is prepared to handle all repair work in this  
line. A repair garage is a necessity in the  
modern town and Mr. Parkinson is well fitted  
for the work. He is a graduate of the Manitoba  
Agricultural College and was an instructor for  
the College in gas engine practice and theory.  
We wish Mr. Parkinson every success and feel  
that his business will be a success.About a month ago Mr. A. E. Ripley became  
a resident of our town. Mr. Ripley has taken  
personal charge of his business here, represent-  
ing the International Harvester Company, The  
Imperial Oil and the Nova Scotia Underwriters.  
Mr. Ripley is one of the best informed machine  
men in the Province and was in charge of this  
district for the I.H.C. for some years. Many  
of us are already acquainted with him and his  
thorough knowledge of the business coupled  
with his genial and obliging personality will  
insure him a large and prosperous business.The railroads are now running under the  
fast time so that the local depot closes for  
business at 4.00 P.M. Standard time. By re-  
membering this fact you save yourself incon-  
venience.**EDGERTON GETS A TANK**We are glad to see that the Imperial Oil  
Co. have made Edgerton a "tank town." At  
present they are operating a barrel station at  
Mr. Ripley's warehouse but we understand  
that the tanks are on the way, and no time  
will be lost in their erection. Enormous  
quantities of oils and gas are distributed  
from here and the station will likely be kept  
busy.**FOUR PACKER KINGS****RULE OVER OUR MEAT**Speaking before the senate committee of in-  
vestigation a special U. S. government officer  
painted a rather gloomy view of the food in-  
dustry in that country. He stated that he  
control of the situation was now practically  
centred in the hands of four great Chicago  
packing houses.Pure Castile—10 inch Bar for 10c.  
Assortment consisting of one cake  
each of six different kinds of soap for  
35 cents or less than 6 cents a cake.

**MUNICIPAL DISTRICT OF**  
**RIBSTONE No. 421.**"In the mater of the court of con-  
firmation of the tax enforcement re-  
turn of the Municipal District of Rib-  
stone No. 421.Take notice that His Honor Judge  
Taylor, Judge of the District Court of  
the District of Edmonton will at the  
sittings of the Court of WAINWRIGHT  
on Tuesday the fifteenth day of July  
A.D. 1919, at the hour of One o'clock  
in the afternoon, confirm the tax en-  
forcement return of the Municipal Dis-  
trict of Ribstone, No. 421.Dated at Chauvin, Alberta, the  
17th day of April, A.D. 1919.

TOM H. SAUL.

Secretary-Treasurer of the Muni-  
cipal District of Ribstone, No. 421.**NOTICE**Tenders will be received by the un-  
dersigned, up to the 29th day of May,  
A.D. 1919, for the purchase of the fol-  
lowing lands, namely:-The North-west Quarter of Section  
Thirty (30), Township Forty-two  
(42), Range Three (3), West of the  
Fourth Meridian. Excepting there-  
out all Mines and Minerals.For further particulars and condi-  
tions of sale apply to S. A. Dickson,  
Solicitor, 503 Tegler Bldgs., Edmonton**MOONBEAMS**Well dear readers, it's last quarter  
feels quite good, thank you. And, by  
the way, if your not feeling good your-  
self, well just keep your bowels work-  
ing right, say your prayers and do a  
good turn for your neighbour once a  
day for the next six weeks. (This is  
a guaranteed cure for all but funda-  
mental complaints, and is offered free  
of cost)Talking about the 'hearts of oak',  
during the past week we have ob-  
served no less than three Englishmen  
planting maple treesA pert young married man recently  
observed that his neighbours had put  
an excelent fence around their pre-  
mises. Said he to the lady of the gar-  
den "Hullo! are you putting up a fence  
to keep Buffalo!" Our young friend  
all but collapsed, on hearing the quick  
reply. "No, Buff Orpingtons"The best of workers in the best of  
work are but human, and sometimes  
makes mistakes and may give reason  
for offence. Once, somewhere, there  
lived and worked one who never made  
an error or did a wrong thing: that  
person was taken outside the town and  
hanged with two thieves. Meanwhile,  
moderns say that 'he who never makes  
a mistake, never makes anything'Was it a cloudy night and we did  
not hear aright: it sounded like 'Oh,  
well I'll never have anything more to  
do with them again.' Never in the  
sunlight can a determined sin of con-  
tinued omission make amends for an  
inadvertent sin of commission. But  
say, nobody needs to be told such a  
thing as this. Everybody in our dis-  
trict is going to pull together.When a town ceases to grow it com-  
mences to die, and the more the people  
try to kill off each other in their bus-  
iness and good name, the more rapidly  
will utter ruin come to all. Stand to-  
gether for the advancement of every  
citizen. If a man shows ability to  
prosper do not pull him back with  
jealousy or weigh him down with cold  
indifference.
